Fire Department Recruitment

Dear Aurora Community,

The Fire Department is fun!

I know most of you think it's an obligation and "I should do it, but it's a lot of time, and I don't know how to do that stuff." Forget all that—it's fun, and fulfilling! You don't need to know anything about it; we will teach you all you need to know. You might think you're too old—you're not. I'm 65 and still contribute a lot. There's no reason why you couldn't be an EMT or an ambulance driver. You may think you're not strong enough—you are. We have members who weigh less than 100 lbs. who do great things, and there's always someone there to help. You may think you don't have time—you do. The minimum requirements are 6 meetings and 6 drills per year. There's a drill and a meeting each month. You might be thinking, "I'll give some money and that will do it." We've got money and we've got equipment, but our community needs help in the Fire Department. Our numbers are very low, our EMT list is down to 5 members, and one has been doing it for 40 years!

Please read the following letter from a Wells College student who joined the Fire Department while she lived here.

Contact Frank Zimdahl (fzaurora@yahoo.com) to find out how to become a member. Thank you.

May 2022

Aurora Volunteer Fire Department

Thank you so much for all you have given and taught me these past 3 years. I am so grateful to have had the opportunity to join this department and meet all of you. It has truly felt like my home away from home and a second family that was always right down the road if I ever needed anything. I never would have anticipated myself becoming a firefighter during college, but the experiences I have gained through this department and with the Aurora community have been my most valuable memories during my time at Wells. I never would have thought I would be able to say I learned how to put out a fire, do ice rescue, drive the ambulance and boat, or cut open a car with the jaws of life.

JD—thank you for the invaluable experiences I have gained through drills and calls, and for letting Callia and I take the EMT class after only being in the dept for a few months. Thank you for always being willing to teach me something new and for being patient as we learned.

Sarah & Ann—thank you so much for teaching our EMT class and advocating for us to keep going during COVID. It was anything but easy, but I am so grateful for everything you put into that class and for going

the extra mile to make sure we all succeeded. And Kathy, Ethan, and Ed—thank you also for being wonderful mentors, showing us patience as we learned, but also instilling confidence and helping us grow.

Every single person in this department has been so supportive and kind, always calling to check in after tough calls, and showing what true community feels like. I can't begin to describe how grateful I am to all of you, and though I am sad to not be right down the road anymore, I know my Aurora family will be here forever. Change is never easy, but like we learned in EMT class, we just have to adapt and overcome!

Thank you all for everything.

New York Council on the Arts Grant to the Howland Stone Store Museum

The Howland Stone Store is one of 103 museums across the state to be awarded a grant from the New York State Council on the Arts, to assist with capacity building. Capacity building grants were awarded in amounts up to \$5000 to help museums “respond to pandemic-related challenges, build financial stability, strengthen board and community engagement, update technology, support leadership and change systems to address diversity, equity, access, inclusion and justice.”

It is an honor to have received this grant to help the museum go forward with its mission and ensure growth.

Wells College Book Arts Summer Institute

The Wells College Book Arts Summer Institute is back for 2022! We are pleased to announce that we will be holding in-person classes the weeks of July 10 and 17.

Food Bank vs. Food Pantry—The Difference ... and the Partnership

Food banks and food pantries are not the same, but they are partners that share the same commitment: helping to reduce food insecurity.

Food Banks are often mistaken for food pantries. Unlike pantries, most Food Banks do not distribute food directly to the public. A Food Bank is a warehouse and distribution center where food is solicited, received, inventoried, and then distributed to local pantries and soup kitchens. Food Banks act as the supply line and ensure that their member agencies have the resources they need to feed those seeking help. A local food pantry functions as the arms which reach out to the community, distributing food and grocery products directly to those in need.

Food Bank of Central New York (FBCNY) is a proud member of Feeding America, the nation's largest domestic hunger-relief organization. The King Ferry Food Pantry is a partner agency of FBCNY.

Throughout each month, our food pantry orders from the Food Bank's selection of purchased food items, government food commodities, and donated foods which are consistently available. Government commodities and donated foods are available to us at no charge, and purchased foods are available for us to buy at wholesale cost. FBCNY is one of a few Food Banks in the U.S. that provides a free door-to-door delivery option for their partner agencies. Twice each month tons of food are delivered to our pantry by tractor trailer—pallets which volunteers unload to restock our shelves, refrigerators, and freezers. We also place smaller orders of perishables throughout the month and volunteers pick up single pallets at the Food Bank and bring them to the pantry.

Thanks to our partnership with FBCNY, tons of donated food, much of which would otherwise be wasted, from farms, manufacturers, distributors, retail stores, consumers, and other sources, is made available to those in need. The King Ferry Food Pantry is open on first and third Saturdays of each month from 9 a.m.-12 p.m., and other days by appointment. For further information, contact Debbie at 315-497-2049.
