

Aurora Free Library

November 2023

Dear Library Friend,

The Aurora Free Library has been serving our community for over one hundred years as a source for Literacy, Community, and Learning. Aurora Free Library event attendance and resource circulation have been increasing! As a public library, we provide a wealth of free resources to all and couldn't do this without your support.

2023 was a busy year for the Board as we worked to secure funding for the preservation and improvement of our nearly 125-year-old building. We made repairs to the original terracotta roof and west-facing wood fascia.

While we will be embarking on several capital improvement projects in 2024, we will also continue to bring to you:

- Enriching programming like the children's story hour; tween and adult book clubs, and programming for all ages that includes art and writing workshops.
- Community involvement through partnerships with the local schools, Finger Lakes Library System libraries, local non-profits, and The Hub newsletter.
- Educational opportunities like author visits, a travel series and passes to local museums and parks.

The support of our many volunteers and donors helps us to continue these programs and maintain our lovely library! Please consider donating to us as part of your holiday or year-end giving.

Your kind gift will be applied to the library's operating budget. If you prefer, a donation can also be earmarked to the Morgan Opera House, which provides cultural events, or to the Preservation Committee, which manages the care of our beloved building.

We look forward to what 2024 will bring and thank you for your generous support.

Sincerely,

Susan Deacon, President
Aurora Free Library Board of Trustees
