October 25 – 7:30 pm Cornell Univ. Klezmer Ensemble

November 30 – 4pm Skaneateles String Quartet

December 6 – TBA Christmas In Aurora

Shepherd's Play tentative

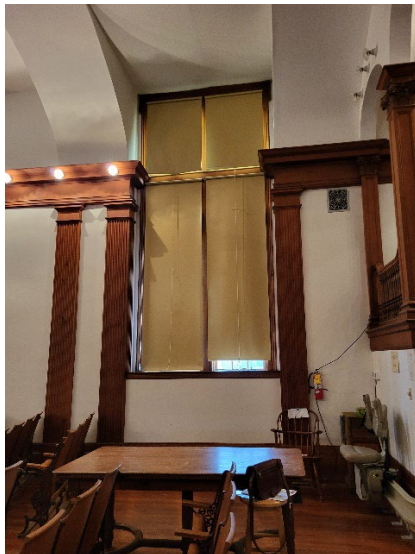

Several organizations have already contacted us about using the space in 2026 for various events which is exciting and probably a result of Wells' closure. MOH is about the only large public space in the Village.

Like the library, MOH will lose it's Village funding in 2026 fiscal year.

Facility Issues:

We have purchased safetys to secure the lights to poles and will buy some gels and gel frames when they're back in stock. Need to work out some bugs with the sound system, Ethan MacCormick and Sam Ayers are working on a remedy. Wireless mics research continues.

Replacement shade for southwest window has been installed 10/15/2025. Unlike the other shades, which are spring roller shades and now illegal because of the choking hazard of the long chords, this is a clutch operated shade with a continuous bead chain.
